

Code of conduct

Creative Star organizes your event. With quality, originality and Creative Star absolutely guaranteed. Exclusive and customer oriented.

Creativity

Everything we think of in order to fulfil your expectations must be aimed at perfection. We constantly strive for an open and honest cooperation.

First class tender

Every tender is made up right down to the finest detail and indicates a total price. Orders are quickly and flawlessly followed up. Our suppliers and distributors have the right to a reasonable profit margin. Because we are just as demanding of them, as you are of us.

Unforgettable event

Creative Star is responsible for offering you an unforgettable event – where and with whom-so-ever in the world. Each Creative Star-event must remain engraved in the memory of every participant.

Striving for perfection

We set the ceiling exceptionally high. Not surprisingly we demand from our colleagues as such unconditional single-mindedness. On the other hand they have the right to a proper payment. They must feel free to offer suggestions and to express dissatisfaction: their feedback brings us a step closer to perfection.

Realizing dreams

Creative Star makes dreams come true. Creative Star stimulates, therefore, progress in society. We hold in esteem exclusive properties that we are permitted to use. We protect the environment with its natural resources.

Unique

Creative Star wants to be unique – unique for you. We visualize your own company's objective in a fantastic event. Our strength is our inexhaustible source of fantasy and ideas. Experimenting on the boundaries of the unbelievable. Creative Star for people with Creativity!
